

We are getting through this

TOGETHER

Dear Neighbour,

These last weeks have not been easy, but there are reasons to be hopeful. While we are not out of the woods yet, the physical distancing measures you have been taking are showing signs of working.

Our continued commitment is needed to keep our loved ones and neighbours safe from a resurgence of COVID-19. I know that our community is up for it. North Shore residents have faced the unprecedented challenge of beating back a pandemic in our own backyard with courage, compassion, and generosity since the very beginning.

Through it all, good times and bad, I have and I will continue to be here for you. We are getting through this together.
